Sponsorship

The Greene County Chamber of Commerce offers business building events for members throughout the year. As a non-profit organization, sponsorship support from our members plays a critical role in generating an impactful calendar of events. Several sponsorship opportunities are available to our members that can strategically build brand recognition.

Key Benefits of Becoming a Sponsor

Foster a Positive Reputation:

Perhaps one of the biggest benefits of sponsoring a Chamber initiative or event is that it strengthens a company's image. People typically enjoy supporting brands that invest in their community and spread positive messages.

Boost Brand Visibility:

Sponsorships can increase brand recognition before, during and after the actual event by giving your company exposure to new audiences. This often happens through mentions in the press or social media and event advertising, like radio spots, signs and featured ads.

Build Business Connections:

Sponsoring an event or trade show can help your company make connections with non-competing businesses, giving you opportunities for collaboration in the future.

- Monthly **Business After Hours Network** events which typically include light bites, cocktails, and strategic introductions.
